

TOTAL MEDICAL COMPLIANCE

HIPAA & RED FLAGS COMPLIANCE PROGRAMS

The program is designed to assist you in implementing the HIPAA Privacy and Security Rules. The new FTC Red Flag Rules can be included as well. Continuing service and support is included to help you stay in compliance. State laws and regulations that relate to HIPAA, Identity Theft and FTC Red Flag Rules are included. RED FLAGS IS NEW FOR 2009.

- Privacy and Security Officer training on the regulation, administrative requirements and ongoing responsibilities.
Office inspection and program review to identify gaps between current processes and the regulatory requirements.
A Customized compliance manual which contains the documentation required by the regulation on privacy, security and employee policies.
Staff training session(s) which cover the Security & Privacy Rule requirements and a review of behaviors and policies to comply with the regulation.
Compliance newsletters on best practices, new interpretations and regulatory changes.
Ongoing support to include customer service by phone or email, new employee training on the web site and TMC manual updates.

Table with 4 columns: Healthcare Providers, TMC Standard, Healthcare Management Discounted Fees HIPAA, and Healthcare Management Discounted Fees HIPAA & OSHA. Rows include annual fees for HIPAA Program with both Security and Privacy Officer Training and Annual fees for HIPAA with Red Flags included.

Fees include all services for one year and are based on one staff training session.
